

2200 ATLANTIC ST.

LIVE, WORK & PLAY

Building and Land Technology strives to create vibrant and thriving communities for our partners. As a vertically integrated developer with an entrepreneurial spirit, BLT enhances and connects your experiences as you live, work, and play within our communities.

Discover the perfect blend of cosmopolitan flair and laid-back waterfront living at Harbor Point. Our four marinas—Harbor Point North, East, and West and South, offer over 200 slips for vessels from 20’ to 120’ in length. Nestled along the Long Island Sound, our marinas provide access to a vibrant community with 200+ annual events, complimentary trolleys to the train station, water taxis, nearby parks, and award-winning restaurants.

INFRASTRUCTURE

- One 450 KW, 800 AMP 3 phase 480Y/277V diesel powered generator with fuel storage on the ground level, serves the building life safety equipment. 1 Meg [1,000 kw] generator on property with capacity available for tenant use. Fuel tank is diesel, 3,500 gallons which will run for 45 hours under a full load.
- The building electric service is 480Y/277V, 3 phase, 60 Hz through transformers located at grade level. The main switchboards are located on the ground floor and include heavy-duty circuit breakers with solid state trip function plus ground fault protection. Each tenant space will be individually sub-metered at the floor of occupancy. The base building has a robust 480Y/277V electrical infrastructure that delivers approximately 6 watts per square foot of tenant power capacity at each floor, supporting a wide range of modern office requirements.
- Floor-by floor water cooled air conditioning units, condenser water comprised of 3 nominal 300 ton multi-cell cooling tower on the roof with plate frame heat exchangers. Heating is by a hydronic heating system. 1st floor (55 ton with FPVAV with reheats); 2nd & 3rd floors (70 tons of cooling through VAV boxes); 4th - 7th floors (80 tons of cooling through VAV boxes); 8th floor (110 tons of cooling through VAV boxes).
- 406 garage spaces at 2.0 per 1,000 RSF. 8 charging stations.

IT & TELECOM

- Campus Wi-Fi available to all tenants.
- Fiber providers such as Lightpath, Crown Castle, Optimum, Lumen, AT+T, Windstream, CloudPath, and Frontier.

SECURITY

- The reception desk is located in the main lobby and occupied by the concierge security staff.
- An electronically controlled card access building system is provided. The system controls all the perimeter entrances to the building. Each card is separately coded for specific individual access. The parking garage entrance and exit control utilizes a "Smart pass" control system that automatically opens the control gate as a vehicle approaches. The proximity card access system allows employees to access the main Building, and parking garage during off hours.
